

Surge Strip

6 Horizontal Outlets, 90 Joules

Model
307192

Put power where it's needed.

The MANHATTAN® Surge Strip with AC surge suppression provides a convenient horizontal power distribution for computer rooms, workstations, technical benches, media/entertainment centers and other places in the home or office where additional power outlets are needed.

Helps Safely Expand Power Access

Its six NEMA 5-15R 125 V AC receptacles with 90 Joules of built-in surge dissipation protect connected equipment from transient surges and line noise. The heavy-duty cord, lighted power switch with integrated circuit breaker and multi-outlet configuration help reduce power-cord clutter with the connection of multiple electrical devices to a single AC wall socket. Meets current UL and cUL approvals.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
